

Child GUARDIAN®

With the help of your smartphone, make sure that ***YOUR CHILD ALWAYS REMAINS CLOSE***

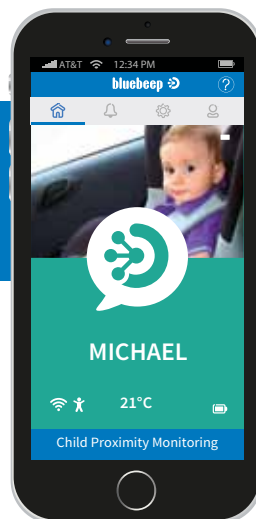

Car Seat GUARDIAN® FOR SAFETY , AND FOR YOUR PEACE OF MIND

Child Guardian®, emits an audible alarm and visual alarm on your smartphone if your child moves away from the safety perimeter that you have determined:

- doing your shopping
- using public transportation
- on a playground
- in a stroller
- to the beach...

Easy installation : **Child Guardian®** slips into your child's pocket or clips on the safety belt of the stroller.

Radiation: Exposure to electromagnetic fields is extremely low for Bluebeep systems. Bluetooth Low Energy is only activated for the time required to send data.
