FOR SAFETY AND PEACE OF MIND

## I-CONNECT YOUR BABY CAR SEAT WITH YOUR IPHONE OR ANDROID

With BlueBeep, you can hit the road with peace of mind knowing your child is properly attached in his car seat. Should your child manage to get unbuckled or become improperly secured in any way, BlueBeep will immediately alert you via the smartphone app.

Your baby was left in the car! BlueBeep will sound an alarm on your smartphone as you walk away and simultaneously notify a designated contact via text message and phone.
